CAREER OBJECTIVE

Motivated MCA graduate seeking an entry-level Data Analyst role where I can apply Python, SQL, statistics, data visualization, and analytical problem-solving skills to transform data into meaningful business insights.

EDUCATION

Master of Computer Applications (MCA) — ABC University, Hyderabad | 2024–2026
CGPA: 8.9/10

Bachelor of Computer Applications (BCA) — XYZ College, Hyderabad | 2021–2024
CGPA: 8.6/10

TECHNICAL SKILLS

Programming	Python, SQL
Data Analysis	Pandas, NumPy, Statistics
Visualization	Power BI, Excel, Matplotlib, Seaborn
Machine Learning	Scikit-learn, Regression, Classification
Database	MySQL
Tools	Jupyter Notebook, VS Code, Git, GitHub, Streamlit

PROJECTS

Sales Trend Analysis Dashboard | Python, Pandas, Matplotlib, Streamlit

- Cleaned and analyzed 10,000+ e-commerce sales records using Pandas.
- Created visualizations to identify monthly sales trends, top products, and regional performance.
- Developed an interactive Streamlit dashboard for exploring sales KPIs and insights.

Personal Expense Analytics | Python, Pandas, Plotly, Streamlit

- Processed personal expense data and categorized transactions for analysis.
- Built interactive charts to identify spending patterns and monthly trends.
- Added summary KPIs and filters to support quick financial analysis.

Customer Feedback Sentiment Analysis | Python, NLTK, Scikit-learn

- Preprocessed customer feedback using tokenization, stop-word removal, and lemmatization.
- Applied TF-IDF and sentiment classification to identify positive and negative feedback.
- Generated visual summaries of customer concerns and satisfaction trends.

INTERNSHIP

Data Analytics Intern — Tech Analytics Solutions | May 2026 – June 2026

- Cleaned and transformed structured datasets using Python and Pandas.
- Performed exploratory data analysis and created charts to communicate trends.
- Prepared analytical reports and documented data-cleaning and visualization workflows.

CERTIFICATIONS

- Python for Data Analysis — Online Certification
- SQL Fundamentals — Online Certification
- Power BI Data Visualization — Online Certification

ACHIEVEMENTS

- Completed multiple data analytics projects using Python and Streamlit.
- Participated in university-level technical competitions and coding activities.

ADDITIONAL INFORMATION

Languages: English, Hindi, Telugu

Interests: Data Visualization, Business Analytics, Machine Learning
